Babylon's lunar-based calendars are confusion and will not survive the Christ Kingdom of YHWH

by Kenneth W. Lent - 2019

Revelation 12:1 And there appeared a great wonder in heaven; a woman *clothed with the sun, and the moon under her feet*, and upon her head a crown of twelve stars: (The woman symbolizes national Israel who gives birth to "the man child" of verse 5 who will rule the nations, namely, Yahshua/Jesus, King of Kings)

The Bible term or idiom "under the feet" is emphatically used to depict a defeated enemy. In this case it's seen as the "moon system" of the Talmudists and other anti-Saxon anti-Israelite religions of the world. The lunar religion has volatile political implications as it is founded upon erratic behavior which mirrors its unstable government of confusion. In our solar system all precise time is reckoned by a relation with the Sun. All of our "o'clocks" (hours, minutes, seconds) are actually solar based and are fixed as being stable time upon which we can depend for our many activities' interconnected events. The Word of God records that all enemies attempting to supplant divine stability with that of disorder must be defeated and trodden under feet. To wit:

II Sam.22:38 - 40 I (David) have pursued mine enemies, and destroyed them; and turned not again until I had consumed them. And I have consumed them, and wounded them, that they could not arise: yea, they are fallen under my feet. For thou hast girded me with strength to battle: them that rose up against me hast thou subdued under me.

1 Kings 5:3 Thou knowest how that David my father could not build an house unto the name of Yahweh his God for the wars which were about him on every side, until Yahweh put them under the soles of his feet.

Psalms 91:13 Thou shalt tread upon the lion and adder: the young lion and the dragon shalt thou trample under feet.

Isaiah 14:19 But thou (Lucifer) art cast out of thy grave like an abominable branch, and as the raiment of those that are slain, thrust through with a sword, that go down to the stones of the pit; as a carcase trodden under feet.

Malachi 4:3 And ye shall tread down the wicked; for they shall be ashes under the soles of your feet in the day that I shall do this, saith Yahweh of hosts.

Romans 16:20 And the God of peace shall bruise Satan under your feet shortly. The grace of our Master Jesus/Yahshua Christ be with you. Amen.

1 Corinthians 15:25 For He (Christ) must reign, till he hath put all enemies under His feet.

Revelation 12:1 And there appeared a great wonder in heaven; a woman clothed with the sun, **and the moon under her feet**, and upon her head a crown of twelve stars (the sons/tribes of Jacob):

The depiction of Israel's defeated enemy in Rev.12:1 is clearly shown to be the Moon. This is no trivial matter and it is a grave thing indeed to be involved in any way with the lunar centered calendar system

of Yahweh's enemies. A person might ask –“why so”? The connection between the utterly chaotic lunar so called “time keeping” method and that of the Babylonian Talmudic government of communism is summed up by one word – CHAOS. Once a people have been convinced that chaos in their life is acceptable as the norm, they are effectively debilitated from thinking clearly on any other matter. This would include thinking clearly enough to see that they are being controlled by a hidden elite few who hold the masses as chattel slaves while they (the elite) reap all the wealth of the Earth. The money issue can be cited as just one example of the chaotic system of Babylon compared to the stable fixed unchanging system of money by God's laws. The Jewish Federal Reserve “dollar” is a manipulated false measurement that is never stable but fluctuates in value at the whim of the bankers who use the fluctuation as a means to steer the economy to enhance their own profits. A fixed standard of money based on interest free precious metal, such as gold/silver, will never change in the value of its measurement of goods, providing an economy for a nation with an honest money system where all can profit.

Similarly, lunar times, lunar Sabbaths, and lunar feast days, vary from year to year and are never fixed. Only the high Rabbis of Talmudic Babylon can set forth these dates for the people, because they are clever enough to know that nobody can really tell time by the Moon. For instance – the Jewish counterfeit Passover, Yom Kippur, and the other lunar feasts do not and cannot take place on the same date from year to year. They all vary from year to year by up to three weeks difference. [web search Jewish Passover times for the last five years to verify this] God's solar feasts are fixed to the same date every year being an example of law and order. [note the pdf solar calendars on our website] The Genesis and Pentateuch solar calendar of the Mosaic law exists within a stable system of life. The “average person”, if need be, could figure it out by merely putting a stick in the ground and observing the Sun's shadow points which will be at the same exact place from year to year, stabilizing a fixed Holy Day system.

The political end game in the conditioning of the people to accept chaos is to incrementally bring forth a world wide Talmudic run government of confusion (babel) from old Jerusalem under the auspices of the Rabbinic Noahide Laws. (read about them here: [Noahide](#)) We can see the bizarre connection of this chaotic rule with that of even attempting to supplant nature itself. Yahweh God has fixed the sexes at male and female (2 genders). Talmudic Judaic influence in America has now twisted this normal foundation into claiming that there is no gender in nature but that there are many varying combinations of male/female within people, and that people can choose to be either a man or a woman (or combo of up to 29 genders) at any time in their lives. It is madness. It is confusion. The lunar/chaos program has many such far reaching effects – religiously, governmentally, and socially. It is why we see the national woman Israel in Rev.12:1 having to defeat it. In God's fixed and sure nature, the female gives birth (national Israel), while the male is called to govern. i.e., “the man child” (Jesus Christ). The greatest military leader of our race, Joshua, made it a priority to defeat the Moon religion's metropolitan center of his times. We all know it as the battle of Jericho. Jericho means “Moon city” in Hebrew.

Nobody can tell time or keep time by the Moon. To imagine so is a farce. Try eliminating all standards of solar time from your life, such as your wrist watch time, the time on your cell phone, on your PC, or town clock (all of which are referenced by Sun position) – then attempt to run your life's precise appointments only by the Moon at night. Try setting up a dentist appointment some afternoon by “Moon time” with absolutely no reference to our 24 hour solar standard. Considering that the Moon isn't even seen in the sky all the time, try tell a friend you will meet them some place in two weeks without stating any date/hour/minute. Both you and your friend would fail to coordinate a successful meeting. Correct timing is important in many facets of life. If the New Testament Christians did not gather in the upper room on the true Israelite Feast of Pentecost (Acts 2:1) they would have missed out

on the outpouring of the Holy Spirit to the Ecclesia. If ever embraced nationally, chaotic “lunar time” would destroy a society in all finality, just as the chaotic Federal Reserve system has destroyed our once free economy to the tune of 21 trillion dollars in debt (at 2019). Yet this is where the lunar and soli/lunar calendar doctrine would lead us, by accepting the charade that the Rabbinic Talmudists and their rebellion against nature is somehow “holy”. In pursuit of Godly wisdom the seeker of truth may wish to avoid lunar religions and their times, placing these under their feet as revealed by Scripture.
