The map below was taken from the diligently researched works of Rev. Frederick Aston, Rev.H.H. Pain, and Rev.W.M.H. Milner, in 1900! It shows the Scriptural and historically traceable migration of Saxon Israel (sons of Isaac) as they traveled North and West into Europe from Old Jerusalem. If you are of European Christian background then you are a true racial Israelite (not to be confused with today's "Jews" who are not Israel or Judah). Has your minister taught you what many ministers 100 years ago knew? Could it be time for you to learn you real identity according to God's Word?
