

## God's Law on Sodomy (homosexuality)

### GOD'S LAW DEEMS HOMOSEXUALITY A CAPITAL CRIME

by S. Kyler

One of the hallmarks of our age is a refusal to seriously consider God's Law-Word and His Divine point of view on anything. It's as if we believe that God's revealed Law is irrelevant, and, so, we ignore the great societal and personal help the Bible offers us. Now, the cause and effect results of this rebellion, in the form of national chaos and collapse, are all around us.

The recent controversy and furor created by the mild comments of Phil Robertson of the "reality series" Duck Dynasty underlines the degree to which our culture has drifted away from the biblical-moral absolutes. Actually, the following is what God's Law-Word has to say about homosexuality, which includes the death penalty for its practice.

*"Thou shalt not lie with mankind, as with womankind: it is abomination."* Leviticus 18:22

*"If a man also lie with mankind, as he lieth with a woman, both of them have committed abomination: they shall surely be put to death; their blood shall be upon them..."And ye shall not walk in the manners of the nation, which I cast out before you: for they committed all these things, and therefore I abhorred them."* Leviticus 20:13, 23

*"There shall be no whore of the daughters of Israel, nor a sodomite of the sons of Israel."* Deuteronomy 23:17 Also, read Judges 19:22-23 and Genesis 19:4-7.

The Commandments, Statutes and Judgments, the National Covenant Law, the National Constitution, were given for our good and our national preservation. It's to our own destruction that we ignore them. God knows that cultural cancer needs to be cut from the body politic or societal death eventually ensues. The Almighty created the universe and its laws, so, He knows best and has revealed His Way in Holy Writ for our personal and collective benefit. The early founders of America, the Pilgrims and Puritans, knew this well and prospered because of it.

When will we learn to do the same?

End Note Added: For those who feel that capital punishment for sodomy is extreme and cruel please realize that if God's Law on this were implemented from the start of a nation that this grotesque sin would be so infrequent and sodomites so very few that it would be a rare occurrence to see a prosecution. Not only has ignoring of God's law on this matter produced tens of thousands of males engaging in deviant sexual activity with each other, what of the innocent little boys that fall prey to their unnatural lusts? In truth, God has warned us to "nip this in the bud" long before the great damage to a people could have ever taken place at all. Sins against nature may be among the greatest of all sins. The Creator forbids sodomy.
