If you are white and under 30 you need to read this

This is a message from Ken here at the ministry to those of you who are white and under 30, especially if you live in America. Let's get right to the point --- and hopefully jump-start you into learning what is going on around you right now, and discovering how you have been intentionally “dumbed down” so that you will be defenseless for your own survival.

Possibly you may view previous generations as “silly or stupid” such as in the cowboy days of the Old West or the Colonial days of America. After all they didn't even know how to use cell phone “texting” or play a DVD. But do you want to know what they did know? Most of the leaders of the American Revolution for liberty in 1776 knew Greek, Roman, and European history, could speak several languages including English, German, French, Greek, or Hebrew. They knew philosophy and mathematics well, and could calculate figures in their heads without the use of an electronic calculator. They could play musical instruments for entertainment, memorize classical poetry for relaxation, could plant fields of crops, raise cattle, sail ships, and make their own clothes. When you compare this to the current generation, what is the primary motivation of young people these days? All you need to do is turn on the TV or the Internet to see it: an obsession to be “sexy”, gorge on a fast food meal, and get a credit card to be plunged into a debt ridden financial life. Sorry for being so blunt, but who are the “dummies”? Your generation or the ones a few hundred years ago? Do you realize that making “sex and eating” the primary goal reduces a person to near animal level? [And for those who have a college degree, your mentors have pasted flattery upon you with a good dose of a false sense of security. The only difference from your high school friends is that you have a “larger wall certificate” showing that you have officially been duped even more. Don't believe it? Where's the opportunity and leadership to build industry in America any more? It is fading fast. Our manufacturing level has badly deteriorated]

Surely you must have heard a hint of *something* from your parents' generation about Communist plans to dominate the world with no room for good old American liberty. Do you know that in the Red Bolshevik 1917 Revolution in Russia that the Communists murdered and starved to death several 10's of millions of white Christians over a few decades? What they've got planned for you young generation of Americans is worse! There is no place to run after America is destroyed. It's time to think.

Now this is not to say that you are dim witted, 'cause you're not. You are just deprived of truth and facts, and you have been intentionally distracted by a world ruling group of people who have attacked your lives with mind dulling programs over the last several decades. The schools teach you nothing, the churches are worse. You will either be made to conform to the new “Talmudic Red Amerika” or you and your family will be eliminated. If you have young children, you ought to be double concerned. Why does this apply to whites more than any other races? Because historically and consistently it has been white Christians who have been the champions of defending personal liberty, freedom from tyranny, and sacrificing untold hardships to secure a safe land in which to thank our Creator for His goodness. (while you're at it look up Romans 1:22, because the fad has become: “*Christ doesn't matter any more*” – more self destruction upon you) If you have heard something about “minority rights” then you better look around again because in a world population YOU young white people are the real minority to the statistic of nearly 12 to 1, and fast headed to 25 or 30 to 1 in another generation.

Who controls the world, and to what extent have you been fooled into your present state of unawareness? Well, you'll need to start studying a bit and searching for truth. May I suggest you begin doing so by reading the short one page “Quick Mini Topics” on this link page: <http://ezra98.yolasite.com/quick-mini-topics.php> ---And afterward seek out other original source history and Scripture informational records of past eras. Ask God to help you and He will. Study, pray.
