# 3

May/June 2012

\* YHVH's spiritual calendar year is a standard fixed at 364 days which may be divided into 52 Sabbath Periods. A solar year is 365 days. By God's wisdom, the Scriptural 48 hr Sabbath aligns the extra day each year (making 26 Sabbaths in each half of the year). On this month each year the Sabbath will appear to "advance" one named weekday on our Roman calendar. Then we count seven days 'til the next Sabbath. The scriptural authority for the "two day Sabbath" is discussed in the audio lessons. Pentecost is on the 5th of this month from sunset to sunset.

## August/September 2012

These solar Witness Days are used here by YHVH's command!\*

The Scriptural months are 30 days each x 12 = 360, but the astronomical year has 365 days. Three astronomical "extra" solar days end month six as seen above. By YHVH's design this just happens to use 3 of the 5 extra solar days in a year, and automatically sets 6 work days here between the Sabbaths [Num 29:1] from the 27 day this month until the 1<sup>st</sup> of month 7. Two other solar days are seen after month 12, further proving the calendar "from two or three witnesses." Mat 18:16. **These days fall in here of their own accord by the Sabbath law which commands 6 days between Sabbaths**, and are not arbitrarily inserted.

# 7

## September/October 2012

The calendar displays the following religious observances:

- Feast of Trumpets Sabbath**: Thursday, September 20 (Day 1)
- Sabbath**: Thursday, September 27 (Day 8)
- Day of Atonement Sabbath**: Saturday, September 29 (Day 10)
- Feast of Tabernacles Sabbath**: Thursday, October 4 (Day 15)
- Last Great Day Sabbath**: Thursday, October 11 (Day 22)

The calendar is organized into weeks, with week numbers 26, 27, 28, 29, 30, and 31 indicated on the left. Days are numbered 1 through 30 in a shaded bar above the date boxes. The days of the week are abbreviated as follows: **fri**, **sat**, **sun**, **mon**, **tue**, **wed**, **thr**.

## February/March 2013

The "extra days" are not arbitrarily inserted. Yahweh has worked this out in His Sabbath Laws  
 \* The last two solar witness days (4&5) **fall in place of their own accord**, because The Law requires six days between Sabbaths BEFORE we have the required Sabbath on Abib 1 of the next year. Three Solar Witness Days are at the end of month six, and two at the end of month twelve. These "two or three witness groups" (Mat 18:16) verify each half of YHVH's year, further proving this FIXED SOLAR CALENDAR SYSTEM. Please read the note at the end of month 6 as the double calendar witness.
