

Month 1, March/April 2022 The month of *THE ABIB*, *The Spring celestial sign*, known in English as “The Vernal Equinox”. Abib originally did not mean “green crop ears” which was a later interpolation and meaning.

August/September 2022

The Scriptural months are 30 days each x 12 = 360, but the astronomical year has 365 days. Three astronomical "extra" solar days complete month six (as seen above). By YHVH's design this purposely "uses" 3 of the 5 extra solar days of the year, and automatically sets 6 work days here between the Sabbaths as per Num 29:1 (between the 27th day this month until the 1st of month 7.) Day 1 of month 7 is always a **required Sabbath** (Lev.23:24). Two other solar days are seen after month 12, further proving the calendar "from two or three witnesses." **Mat 18:16. These days fall in here of their own accord by the Sabbath law which commands 6 days between Sabbaths**, and are not arbitrarily inserted.

September/October 2022

The calendar displays the following religious observances:

- Feast of Trumpets Sabbath**: Monday, September 19
- Sabbath**: Tuesday, September 20
- Day of Atonement Sabbath**: Thursday, September 22
- Feast of Tabernacles Sabbath**: Tuesday, October 4
- Last Great Day Sabbath**: Tuesday, October 11

The calendar is organized into weeks, with week 26 starting on Monday, September 19, and week 31 starting on Wednesday, October 19. Each week is represented by a row of seven boxes, with the day of the week and date indicated below each box. The Sabbath days are shaded in light gray.

February/March 2023

The "extra days" are not arbitrarily inserted. Yahweh has worked this out in His Sabbath Laws

* These last two solar witness days (#4) **fall in place of their own accord**, because The Law declares six work days **between Sabbaths** BEFORE we have the **required** Sabbath on Abib 1 of the next year. Three Solar Witness Days are at the end of month six, and two at the end of month twelve. These **"two or three witness groups"** (Mat 18:16) verify each half of YHVH's year, further proving this FIXED SOLAR CALENDAR SYSTEM.

Please read the note at the end of month 6.
