May/June 2023

\* YHVH’s spiritual calendar year is a **standard fixed** at 364 days which may be divided into 52 Sabbath Periods. A solar year is 365 days. By God’s wisdom, the Scriptural 48 hr Sabbath aligns the extra day (365<sup>th</sup>) each year making 26 Sabbaths in each half of the year. On this month each year the Sabbath will “advance” one named weekday (mon through fri) on our Roman calendar. Then we count seven days ‘til the next Sabbath. The scriptural authority for the “48 hr Sabbath” is discussed in the [Study Notes PDF](#). Pentecost is on the 5th of this month from sunset to sunset.

## August/September 2023

The Scriptural months are 30 days each x 12 = 360, but the astronomical year has 365 days. Three astronomical "extra" solar days complete month six (as seen above). By YHWH's design this purposely "uses" 3 of the 5 extra solar days of the year, and automatically sets 6 work days here between the Sabbaths as per Num 29:1 (between the 27th day this month until the 1<sup>st</sup> of month 7.) Day 1 of month 7 is always a **required Sabbath** (Lev.23:24). Two other solar days are seen after month 12, further proving the calendar "from two or three witnesses." **Mat 18:16. These days fall in here of their own accord by the Sabbath law which commands 6 days between Sabbaths**, and are not arbitrarily inserted.

## September/October 2023

The calendar displays the following religious observances:

- Feast of Trumpets Sabbath**: Tuesday, September 19 and Wednesday, September 20.
- Sabbath**: Sunday, September 24 and Sunday, October 1.
- Day of Atonement Sabbath**: Friday, September 29.
- Feast of Tabernacles Sabbath**: Wednesday, October 4.
- Last Great Day Sabbath**: Wednesday, October 11.

The calendar is organized into weeks, with week numbers 26, 27, 28, 29, 30, and 31 indicated on the left side. Days are numbered 1 through 30. The days of the week are abbreviated as follows: thr (Thursday), fri (Friday), sat (Saturday), sun (Sunday), mon (Monday), tue (Tuesday), and wed (Wednesday).

## February/March 2024

The "extra days" are not arbitrarily inserted. Yahweh has worked this out in His Sabbath Laws

\* These last two solar witness days (#4&#5) **fall in place of their own accord**, because The Law declares six work days **between Sabbaths** BEFORE we have the **required** Sabbath on Abib 1 of the next year. Three Solar Witness Days are at the end of month six, and two at the end of month twelve. These **"two or three witness groups"** (Mat 18:16) verify each half of YHWH's year, further proving this FIXED SOLAR CALENDAR SYSTEM.

Please read the note at the end of month 6.
