# POWER

Available power for the few remnant in Christ

## Highest power of Yahweh Elohim

This power of God Almighty is beyond man's understanding. This is God's power involved in creation, life itself, control of circumstances, salvation unto eternal life, the will of God, prayer, etc. We are not intelligent enough to ever grasp its infinite makeup or purpose. However Yahweh Everliving moves with this power in the camp of His saints. Our relationship with God as our Father includes this power in the believer's life.

## ZPE !!

ZPE is Zero Point Energy. It has also been called aether power, orgone energy, radiant energy, free energy, and a few other designations. ZPE is heavily intertwined with quantum physics and vacuum photon energy. There is enough free ZPE in a 3" cubic space to power any large city. This was the special field of study of Nikola Tesla who gave us the use of AC electric power. One does not have to be a "rocket scientist" to understand and make use of ZPE which is greatly above the common use of electricity we use today. In fact many advancements into this study have successfully been achieved by non-establishment self taught experimenters with ZPE. It would be no surprise if some survivalists of God's family are already in progress with this endeavor. Wouldn't it be great if some brethren knew the basics? Interested in time travel theory or anti-gravity? With God all things are possible.

## Electricity

Electricity is an amazing power that can aid people in many ways as we all know. But for those who realize that sooner or later we are in for serious survival times, a little better knowledge of what electric currents are all about is needed. What are voltage, watts, and amps? What constitutes efficient generators that produce household current by which to operate machinery and electronic equipment that can ease the burden of surviving a very trying situation? Answers to these and other basic questions would be a benefit to those who know that we cannot count on "government" today.

## Nature

God's nature is a powerhouse for surviving the trials in the times of Jacob's Trouble. Garden plants, wild edible plants, healthful water, hunting game, herbs, working with our dog- horse- cat- friends, natural lumber building materials, bee keeping, shelter and raiment making, and much much more! God's nature is simply awesome with its life sustaining power! But getting "out there" and actually *doing* is the trick! Everyone can start slowly and add to accumulated knowledge. God bless, stay safe, and pray for the remnant. *[Questions? Our email is [usa12gates@generalmail.net](mailto:usa12gates@generalmail.net)]*
