Does anybody feel like going under the thumb screw, the rack, and the live burnings, as our ancestors did in Europe with Papal support? Don't think it can't happen again. When Rome takes over national power this is their proven historical track record. While America sleeps the giant net of Rome is being placed upon us. It is true that the total US Protestant population outnumbers Catholics by a ratio of 2 to 1. However this is a statistical deception. The various Protestant churches are divided, separated, and not under one single governing body. They are also docile and mild in their Christian stance. They present no opposition to either Roman, Judaic, Muslim, Socialist, or atheist activity in America. But of all these, Rome is closing in by the most proficient plan of a long drawn out effort that goes back to the beginning of our USA nation. It is silent and stealthy. What Rome has not been able to do by conversion it is doing by immigration. Without the financial funding and logistical plans of the Vatican the immigration problem (both legal and illegal) would not exist. Catholic aid to immigrants entering America from Mexico has been massive but very few have realized its enormity. (Matthew 13:25) The network of Vatican approved agencies that enable immigrants to seek border jumping into America include: Catholic Legal Immigration Network, Inc.; USCCB Office of Migration; Catholic Charities USA; Hope Border Institute; Annunciation House; others, – a monumental historical effort on the part of Rome.

Much of South America is Catholic as well. The invasion is happening.

Supplementary note:

The fastest growing Roman Catholic area in the world is Africa. It is projected that by 2050 the Catholic black population in Africa will near 400 million subservient devotees of the Vatican. This makes quite an army. Couple that with “ditto” in South America and the lambs of Christ are overwhelmed, physically at least. Large parts of Asia are also increasing in followers of Popery. However ---

The above map illustration is not presented to strike pessimism or despair in the hearts of the faithful brothers and sisters of Yahshua/Jesus our Savior and King. Mystery Babylon is headed for destruction. (Rev.18:21). The faithful remnant of Yahweh Most High, the Everliving God of our fathers Abraham, Isaac, and Jacob, is well covered with divine holy protection and victory over the world system. (Ezra 9:8; Isaiah 10:20; Psalm 23:5) Be aware though, that since our own Saxon people have brought about this situation by disobedience to God and His laws, the divine chastisement upon our nation will make our path a very “bumpy” one now. Stay diligent in prayer (I Thess. 5:17; Luke 21:36; Rom. 12:12). Pray for our kinfolk caught up in Catholicism and all the wayward “churches” that The Holy Spirit leads them out of these, and that our kin seek repentance and salvation in the grace of Yahweh’s covenant with the sons of Isaac (Adamic Saxons) (Gen.21:12; Ps. 147:19,20; Mat. 15:24). Learn your physical prep skills too. Noah in anticipation of the flood, and Joseph in anticipation of the famine, had to physically prepare, as well as pray. Likewise with us.

Finally, this map illustration is not to be misconstrued to lessen our awareness of the works of Edom (Talmudic and atheist Bolshevik both) in our modern world. You know who they are and what they have been up to. That subject is just for other discussions. Thanks and Yahweh/Jesus bless! --- KL
