HOLIDAY SEASON APPROACHES

Here we are again in late October and the establishment licensed churches have already begun ramping up what they call "The Holiday Season". This includes Halloween, FDR's fake Thanksgiving, Christmas, and New Year's Day. *(note: there is a true Thanksgiving feast which is the 8th Israelite memorial as we covered in past Bible lessons, but it has been debauched by the churches and the fed govt)* There is no doubt that these fake feasts all have their origins in unholy doctrines, but how could the multitudes have become so enthused in celebrating them? It happened over the course of many centuries of conditioning by the world system that honors men above God, by which the people were subjected to many centuries' long train of gradualism that embedded the world system religion into the minds of the people. Below is a list of the *major doctrines* that have resulted in a society that strives to be disobedient to the Word of God while claiming to be Christian, then caps it all off by celebrating ungodly feasts.

1) LORD -- This is not the name of God which every ancient manuscript in existence shows was four letters in Hebrew equivalent to YHWH in English, and never the letters L-O-R-D. These Hebrew letters YHWH depict God as "I am alive, existing, being, life holder and life giver". There is debate on how YHWH was originally pronounced. But LORD originated as the Etruscan name/word Lar (a lord), then adapted by the pagan Romans to be Lares (house deities), transplanted to Roman Britain as Lard, then later Anglicized into the British verbal accent as LORD. This Etruscan name Lar/Lord is equivalent to the Chaldee & Hebrew name Baal. God's name, meaning, and authority of YHWH was thus lost by church Bible publishers of English language Bibles.

2) SUNDAY -- The false Sabbath day of rest. *(The Sabbath isn't Saturday either)* Sunday was instituted by Roman Emperor Constantine as the "venerable day of the Sun" in 321 AD, enforced by the Roman Catholic Church, and never renounced by Protestantism.

3) THE CROSS -- This is a stickler for most people. The cross is as pagan as is Christmas and Easter. Ungodly pagans regularly used the symbol of the cross in occult ceremonies thousands of years before Christ was born in Bethlehem. The cross symbol originates in ancient star and planet worship by the heathen where their priests divided the night sky into four quadrants (a cross) by which they attempted to "divine" supernatural revelations. Their devotees wore this sky quadrant sign as necklaces and charms. Our Savior was nailed to a straight pole called a *stauros* in the Greek New Testament writings.[for starters see Vine's definition on: Cross noun; also Companion Bible appndx #162]

4) SPIRITISM -- We are not supposed "spirit beings" stuck in "shell bodies". The Scriptures teach that one's spirit is -- a) their breath; and b) one's disposition. Nobody dies and goes to heaven. This is the classic church scam whereby the clergy get control of a person's life to "obey their church" so your "spirit" can go to heaven forever. Jesus Christ alone went to heaven for all of us at His ascension. We can't do that because we are created mortals and we are not gods. Dead believers await the divine promise of resurrection from the grave when called forth by our Savior at the appointed time.

5) ANTI-LAW -- Churches teach that "Jesus did away with God's laws with the New Testament". Not true. Only the sacrificial animal laws were done away with since Christ came as the sacrificial lamb once and for all. We are eternally saved by faith in the blood sacrifice of Jesus. BUT, the divine laws for the family and nation given by God to Moses still apply. Breaking these righteous laws bring God's curses and self inflicted misery upon a nation.

6) MULTICULTURALISM -- The Bible is specifically for Israel exclusively. The Israel people of the Bible are the white Christian people of today. There is a divine and holy purpose why God separated the races of the world but the churches don't "get it" and never will.

7) CHRISTMAS AND EASTER -- two purely pagan holidays in a Christian wrapper. There are 7 holy memorial feast days clearly listed in the Bible, and one voluntary extra feast to give thanks. Christmas and Easter are not on the list. #s 1 through 6 above have groomed the people over a very long period of time to outwardly express their misguided inner convictions (false Christianity) by exuberantly partaking of these two pagan holidays with all their might.

It is way past time to get out of the establishment churches. Scriptures tell us that instead of placating them with "soft words" we are to *rebuke them sharply** (Titus 1:13); and *thou shalt not follow a multitude to do evil* (Exodus 23:2). *[firm but not crude]

Layman's quick guide for assessing a local neighborhood denominational church:

How many of the 7 doctrines above does your church adhere to. Just one? Not too bad, and probably just a matter of a little more study needed. --- Two? It's taking steps in the wrong direction. --- Three? Regardless of decent messages from the pulpit it is a gathering that is built upon a foundation of sand, spiritually speaking, whether it's realized or not. What did our King say about a house that is built upon sand? --- More than three of the above listed doctrines? It's time for the sincere believer to find another place of gathering for worship even if it's with family or a few friends right at home.
