

# The World conspiracy basics

**From most powerful to lesser  
(along with comments on who exposes the conspiracy)**

**THE NODITE SIRIUS STAR CULT (NSSC)** -- hardly recognized by any Christian or patriot group. However, clearly seen by those who have gone the extra mile and have done the Bible homework that shows the tempter of Eve was a female radical feminist obsessed with overthrowing the Adamic patriarchy installed by Yahweh God to rescue the planet from an evil world system government. **The Black Nobility** -- racial descendants of the Nodites who have formed a hereditary line of aristocracy that has controlled the world for nearly 6000 years long before any banking houses ever appeared on the scene. They are not referred to as “black” because of skin color but because of nefarious deeds used to remain in control of the world’s finances. They are actually white.

(But not from Adam & Eve)

**The Committee of 300** -- a conglomerate of Black Nobility representatives and exceedingly wealthy “commoners” of the corporate world who handle the international trade and finance agreements within all nations. (formerly Venetian merchants and British East India company)

**The Roman Catholic Church/Vatican** -- knowing that the masses of people want some sort of emotionally bent religion to pin their hopes on, the Black Nobility has used the Catholic Church for centuries to capture the minds and hearts of the people through superstition, fear, and torture. It is the religion of choice for controlling the “peasants” to do the bidding of the Star Cult. The “church’s” main deity is the Queen of Heaven, the personification of the star Sirius.

**International Jewish Bankers** -- today’s “Jews” being Biblical Edomites and not Israelites, the powerful Jewish families of the Rothschilds, Warburgs, Kuhn Loeb, etc. are hired to be servants of the Black Nobility and are subservient to them. Groups such as Christian Identity and Internet blogs only expose the world conspiracy as far up as the Edomite bankers and are not inclined to proceed in any knowledge of the other “higher” groups or how the elite world conspiracy works. Also, average Jews have no idea of the ramifications of this banker group.

**The remainder of hundreds of lower network organizations** – these include, but not limited to, Communism; CIA-FBI-MOSSAD; CFR; ADL;; Zionism; the U.N.; WHO; World Council of Churches, Media Establishment; Liberal radicals; etc. Exposed by Birchers, Tea Party, Conservatives.
